PROFILE

Trilingual marketer (Vietnamese · English · Mandarin) and NCKU IMBA graduate. From competitor and consumer research to global brand competitions — **L'Oréal Brandstorm** and **Hult Prize** — I turn insight into commercial strategy. My edge: a natural bridge between **Southeast Asia and international markets**, sharpened by fluency with AI.

Market Research & Product Specialist

2025 — Present

Chenyang Info · Vietnam ⇄ Taiwan

Own Vietnam market-entry and deep **consumer research** — turning insight into product features with R&D, building the lead pipeline, and sharpening competitive **pricing & positioning**.

Digital Product & Automation

ProTrack & HeyMimi · Self-initiated

Saw a manufacturer drowning in paper-and-Excel and **built the fix myself** — a bilingual (中/越) project & time-management system. As a marketer **fluent in generative AI**, I prototype and ship real tools instead of waiting on a dev team.

Founder & CEO — Bio Beauty

2024 — 2025

Hult Prize · B-Corp biotech haircare brand

Founded a kombucha-based sustainable haircare brand on the UN SDGs. Led **market research, business modeling and investor pitching** — **3rd** at NCKU campus round, **Top 19** nationally.
